1.   The request for reconsideration has been considered but does NOT place the application in condition for allowance because:  See Continuation Sheet.
2. Note the attached Information Disclosure Statement(s). (PTO/SB/08 or PTO-1449) Paper No(s).
3. Other:

Continuation of 11. does NOT place the application in condition for allowance because: Iwatani et al. recites the transmission gear ratio (inherently shift lever position) as strating the preheat timer in column 37, lines 39-41, which would satisfy the limitation since only one parameter must be met. With respect to the accelerator pedal, although not explicitly recited, the phrase "pedal operation", recited in column 42, line 9, is viewed by the examiner to encompass both brake and accel. pedals as being able to begin the preheat timer.
